## MEMBERS OWN INSURANCE COVER

### Members Own Insurance Cover – Recommendations

Leyland and Chorley Hockey Club strongly advise our members to consider taking their own Personal Accident insurance to cover temporary loss of earnings, death or disablement.

Leyland and Chorley Hockey Club would also advise members to check that they are covered for loss of their personal hockey equipment, or equipment in their custody and belongings to the Club. These are often covered under their household policy.

Leyland and Chorley Hockey Club recommend that umpires and coaches, who are asked to operate for teams not part of Leyland and Chorley Hockey Club, should, before accepting the appointment confirm whether the teams/clubs asking for their participation have suitable Public Liability Insurance cover for them in place.

Leyland and Chorley Hockey Club members who umpire (are on the England Hockey Level One Register) i.e. have a Registration Number received through satisfactory completion of the EH Level One Umpiring Course) are covered through NWHUA Affiliation fees paid by Leyland and Chorley Hockey Club, when umpiring any match involving Leyland and Chorley Hockey Club at any venue. This insurance does not provide cover when umpiring match involving non-Leyland and Chorley Hockey Club teams.

Leyland and Chorley Hockey Club also suggest that if qualified, umpires should consider taking out NWHUA (North West Hockey Umpires Association) membership. (**Currently £15 p.a**) Umpires who are members of NWHUA and on their 'Active List' are covered for umpiring in all games in the UK in addition to receiving updated news and a rulebook.

England Hockey also **offers full cover for umpires and coaches within the Gold package of the new EH membership scheme.**
